Ten Commandments of Motherhood.

1. Thou shalt not spank nor inflict corporal punishment in any of its forms.
2. Thou shalt not scold.
3. Thou shalt not administer any re-buke while feeling anger toward thy child.
4. Thou shalt not require more of thy child than of thyself.
5. Thou shalt not speak discourteously to thy child.
6. Thou shalt not lie to thy child, neither break thy promises, nor deceive.
7. Thou shalt not waste thyself upon the effort to destroy evil tendencies and wrong activities in thy child, but shalt remove temptation from him, and cultivate his virtues and his righteous activities.
8. Thou shalt not curtail thy child's liberty, but shall insist that he respect the liberty of all others, even as his is respected.
9. Many hours shalt thou labor with thy child and do all thy work, dressing him, feeding him, teaching him, amusing him; but for one hour out of every seven waking hours shalt thou let him alone, and bother him not, neither thou nor thy husband, nor thy nursemaid, nor thy friends, nor thy relatives, nor any that are in thy house. For in that hour shall the Lord come unto him.
10. Thou shalt not force thy child in any respect, neither physically, mentally, nor morally. Thou shalt not force obedience, for forced obedience is not righteous; but thou shalt gently lead thy child along the way that he should go, having first passed over the road himself.—Mothers' Journal.

MT. VERNON.—S. H. Martin has purchased the residence of U. G. Baker and expects to move to Mt. Vernon within the next few months. Perkins Prewitt, of the Southern part of the county, and a good, substantial citizen, died after many months' illness of consumption. Forrest Coffey, of near Wildie, has just completed his second reading of the whole of the New Testament. Miss Vinnie Adams, daughter of Judge J. T. Adams, and Sheriff R. L. McFerron were married last night, Rev. Briscoe, of the Baptist church, officiating. They left on the night train for Knoxville to spend their honeymoon. Only a few close friends and relatives were present, and to their many friends their marriage comes as a surprise, as no announcement was made and it was not expected so early.—Mt. Vernon Signal.

Stomach Cure For Cold.

It may seem queer to you, that most colds begin in your stomach; but it's true. Many a weak stomach, chronic indigestion, obstinate constipation, etc., weaken you all over, and make you an easy prey to any disease that may be stalking around. To cure a cold, take a good dose of Dr. Caldwell's (laxative) Syrup Pepsin, a hot bath, and a good night's rest. To prevent colds, keep your digestion in good order with Dr. Caldwell's (laxative) Syrup Pepsin. Quick relief for constipation, biliousness, etc. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The idea of making another county in Kentucky is ridiculous. This was tried at a recent session of the Legislature. The bill was passed, and its name was Cripps! But the great statesmen who put it through didn't know a compass from a custard. When the surveyor put his line to it they found that it took off a slice of Ohio, including a county courthouse. How thoughtful! Kentucky has 119 counties; Tennessee has only 96; Indiana, 92; Pennsylvania, 67; New York, 61; Ohio 68 and other States in proportion, yet we hear of no movement to erect a new county to gratify somebody's vanity except in ring ridden Kentucky—Murray Ledger.

A Bargain.

If you wish to buy a bargain, all you have to do is get a bottle of Dr. Caldwell's (laxative) Syrup Pepsin, and use it at the least sign of headache, dizziness, constipation, biliousness, indigestion, etc. This small investment will be the best bargain you ever bought, for it will bring you health at a nominal cost. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

Rev. Matthew O'Keefe, who was the last surviving brigade chaplain of the Confederate army, died at Townson, Md. He was with Mahone's brigade of the Army of Northern Virginia, and was an intimate friend of Gen. Robert E. Lee and Jefferson Davis.

CHURCH MATTERS.

Atlanta Presbyterians will have a \$50,000 hospital.

The First Baptist church at Newport News, Va., was destroyed by fire. Mayor S. D. Harris, of Henderson, has not missed Sunday-school for 22 years, except when sick.

Rev. Dr. W. Francis Irwin resigned the charge of the Second Presbyterian church in Springfield, Ill., to accept a call to the Fourth-avenue Presbyterian church in Louisville.

The American Bible Society is arranging to celebrate its 50th anniversary. Its issues of the Scriptures cost \$75,000,000, there were 15,000,000 families visited, and 2,500,000 copies of the Scriptures given out directly and 8,000,000 indirectly.

Plans are being made for the building of a new dormitory at Union College, Barbourville, to cost between \$20,000 and \$30,000. It is understood that work will commence at once and the building, which will accommodate 700 students, is expected to be completed by September of this year.

MATRIMONIAL.

The Senate at Havana, Cuba, unanimously passed an appropriation of \$25,000 for the purchase of a wedding gift for Miss Alice Roosevelt.

One of the wedding presents presented to Nicholas Longworth, who is to marry Miss Alice Roosevelt, will be a pair of Kentucky thoroughbreds, purchased by friends of the Cincinnati Congressman at a cost of \$12,000.

Up in Connecticut has been found a game little man. While he is a featherweight, weighing only 120 pounds, he has married a buxom lass who knocks the beam at 408 pounds. His name is Charles Harang and her name is Mary Ann Plumb. She is not a "greenhouse" or a "wild goose" plum, but a Plum(b) of the mammoth variety, and he is Plumb full of matrimony. Mr. Plumb, the father, had offered \$2,000 to any man who would marry his daughter.

Ninety-five years ago was the year without a summer. Frosts occurred every month in the year 1811. Ice formed a half-inch thick in May. Snow fell to the depth of three inches in New York, and also in Massachusetts, in June. Ice was formed of the thickness of a common window glass throughout New York on the fifth day of July. Indian corn was so frozen that the greater part was cut in August and dried for fodder, and the farmers supplied themselves from the corn produced in 1815 for the seeding of the spring of 1817.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." Penny's Drug Store.

A number of Atlanta citizens, headed by John Temple Graves, editor of the News, have started a movement to celebrate in Atlanta, January 19, 1907, the centenary of the birth of Gen. Robert E. Lee. It is proposed that the celebration shall be national and that South alike shall be asked to join in the tribute to the great Confederate General.

Coming Events.

You can tell you are in for a dangerous sickness, as soon as you begin to suffer from headache, constipation, biliousness, etc., unless you quickly take Dr. Caldwell's (laxative) Syrup Pepsin. This most successful cure for all disorders of your digestive organs, never fails to give relief from all the irritant poisons, kept in by clogged bowels, liver and kidneys. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

Capt. William H. Van Schaick was found guilty of criminal negligence in failing to have fire drills on the steamer Gen Slocum, which he commanded in June, 1904, when that steamer burned, with the loss of over 1,000 lives. He was immediately sentenced to ten years' imprisonment.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it to-day and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Penny's Drug Store.

The average acreage of wheat was sown last fall in the West End and the present condition of the crop is good, the growth having covered the ground sufficiently to protect the root from the series of freezes we are having. A puzzling problem of the many that confront us in this progressive age of successful electrical wireless transmission of messages and telegraphy is the correct accounting for man's taste in flowers. The world remembers the red carnation as the favorite of our late President McKinley and many of our Senators and cabinet members have pronounced colors for boutonniere, but why the violet is the favorite of our hustling live stock dealer, D. C. Allen, is a question now being often asked by his host of friends. Will he please advise them?

The time is ripe and an anxiety is evident to make the capital of the West End a manufacturing center and with the guiding spirits of a generous coterie of experienced business men with capital and energy we are destined in the near future to be shipping the finished products from our factories, thereby adding finances to our city's circulation from the largest jobbing houses of the East and West.

The Interior Journal.

E. C. WALTON.

THE Kentucky State Journal at Frankfort talks horse sense when it says: "The bill to transfer Casey county to the Eighth Congressional District from the Eleventh is to further no man's political ambitions, as it seems to be believed by some. It is simply to give a struggling Democracy a chance, and an incentive to keep the county in the Democratic column. It elected a Democratic County Judge, Attorney and School Superintendent, besides a majority of the Fiscal Court last fall and would have elected a full Democratic county ticket had some of the nominees made the proper effort. Senator R. L. Hubble promised the Democrats of the county that if they would carry it in the last election, he would do all in his power to give them relief from the overwhelming Republican Eleventh District. They got all of the best officers, and came within 60 votes of carrying the county for him, and he is anxious to fulfill his promise. The addition of Casey to the Eighth District will not make it Republican, as the opponents of its transfer claim. The district elected Congressman Gilbert by over 2,000 at the last election, when no money was spent and very little effort made. True the district has gone Republican and so have others counted to be safely Democratic, but that was under unusual conditions not likely to occur again. Casey Democrats, and they are the truest in the State, urge that the transfer will make the Eighth more solidly Democratic than now, as they will see to it that it will roll up a majority for the nominee. The writer has no other interest in the matter than to give good Democrats a chance to show their mettle and help those who want to help themselves."

EVERY sheep raiser and all persons but the owners of curs and other worthless canines, will applaud the Senate for the passage of the bill to place a tax on dogs of \$1 each. It is to be hoped that the House will have the courage to adopt the bill, which will do one of two good things—put considerable money in the treasury or rid the country of a growing pest. It is almost impossible to raise sheep in some localities and marauding canines are the bane of most neighborhoods. Make the owners of them put up or kill their pets.

A BILL has been introduced in Congress to increase the salary of the President of the United States to \$100,000 during his incumbency of the office and \$25,000 a year for the rest of his life. There is no good reason for either proposition. Presidents used to manage to get a long on \$25,000 a year while in office, and no one ever thought of pensioning them till pensions became the order of the day. Congress would do well to attend to more important matters.

THEODORE P. SHONTS, chairman of the Isthmian Canal Commission, testified that he is drawing \$12,000 a year from the Clover Leaf railroad. He receives \$30,000 from the government. He did not state where the rest of his pocket change came from or whether or not there was graft in his several positions.

THE Mayor of Richmond, Va., called a newspaper reporter a liar in court and was fined \$20 for contempt. If the incident had occurred in Kentucky and the reporter was made of the right stuff, the Mayor would have had to take a thrashing besides, provided he wasn't telling the truth.

U. S. SENATOR MARTIN, of Virginia, is down with the whooping cough, although 60 years old and upwards, and was unable to address the Legislature on the occasion of his re-election. Whooping cough, like getting religion, is much easier attended to in youth than in old age.

POLITICAL.

John Sharp Williams predicts the election of a Democratic House next time.

The Senate Committee on Territories has agreed to report favorably the Statehood Bill as passed by the House.

The Senate Committee on Territories has agreed to report favorably the Statehood Bill as passed by the House. Some minor amendments have been made to the bill.

Judge John E. Cooper, of Mt. Sterling, has announced his candidacy for the Democratic nomination for Congress from the Tenth district.

A substitute measure providing for the annexation of adjoining territory by cities of the second class was adopted by the House at Frankfort by a vote of 73 to 11.

A measure introduced in the Senate by Mr. Charlton, of Louisville, calls for an increase of the police force of Louisville by providing one officer for each 700 inhabitants.

Senator Nat Porter, of Warren county, called the attention of the Kentucky Senate to the death of Gen. Joseph Wheeler, and it adjourned out of respect to his memory.

Mayor Bookwalter, of Indianapolis, says he was offered a bribe to allow Taylor to be kidnaped. Tom Campbell made an offer of \$25,000, he says.

The House passed the Joint Statehood Bill by a vote of 194 to 150. No effort was made to defeat the bill on its final passage, but 33 of the Republican "insurgents" recorded their votes against it.

The Isthmian Canal Commission is believed to have decided to recommend the construction of a lock canal with an 85-foot level, thus practically adopting the recommendations of the minority of the consulting engineers.

If Congressman G. G. Gilbert retires after his present term, and it is said to be the understanding that he will, R. W. Miller, at present the Representative from Madison county, will probably be a candidate to succeed him, says a Frankfort dispatch.

Senator Jack Chinn made his maiden speech at Frankfort, favoring the dog bill, and made a decided hit with his fellow-Senators. He said he owned 34 dogs and wanted to pay a tax on all of them, and also wanted to protect his sheep and his neighbors' sheep. He declared that a dog that was not worth \$1 a year was a worthless dog; that he always paid for any depredations his dogs committed, and the law should be passed so that everybody could have both his dogs and sheep protected.

Representative W. G. Baxter, of the Fifth Louisville district, by a viva voce vote, less than six members protesting, was declared legally elected by the General Assembly. The result of the contest, made by Mr. Neal, was received with applause in the House. R. W. Miller was unanimously selected as delegate to the Divorce Congress which meets next month in Washington. Senator DeHaven's dog tax bill was made a special order in the Senate. A bill was introduced to appropriate \$15,000 for the erection of a monument in memory of Confederate and Union soldiers who fell at the battle of Shiloh.

Friday about midnight a thief entered the home of Miss Lena Pope, on the Lexington pike, and stole a trunk containing \$13 and a lot of clothing. James Combs' restaurant was entered and robbed of a small amount of money. Advocate.

Mrs. John Ross, living two miles from Lancaster, gave her four-months-old babe a large dose of morphine by mistake, and though the physicians used restoratives, the child died. The mother is inconsolable from grief at her fatal mistake.

Frank Ball, charged with killing Jack Bolin a barber, at Middlesboro, also has been indicted on the charge of killing Charles Davis at Middlesboro some years before. It appears that Ball had arrested Davis on a charge of drunkenness, and was on his way to the Police Court with him. Davis said something he did not like and Ball drew his pistol and shot him.

In the more prosperous parts of London 80 mistresses of households out of every 100 have domestic help. In the East End only five families in each 100 can afford household assistance. In the provinces generally one family in every four has a servant for "help."

LEGISLATIVE COMMITTEE VISITS C. O. SPRINGS.—The committee of Senators and Representatives appointed to go to Crab Orchard Springs and determine as to the fitness of that place for a feeble minded institute visited the Springs Saturday afternoon, and if we are any judge of human nature the members were pleased with both the place and the low price at which it has been offered to the State. The following gentlemen composed the committee: Senators Rives, Hubble, Owens and Gillenwater and Representatives Southall, Wright, Alverson, Shellman, Thompson, Dawson, Stewart, Redwine and Sergeant at Arms Longmire and Pages Shellman and Hicks. Capt. and Mrs. J. B. Willis treated the gentlemen to a delightful lunch, liquid appetizers having been furnished by the Crab Orchard Commercial Club before. After lunch the grounds and buildings were thoroughly inspected and if there was a gentleman in the crowd who was not pleased with the place, he did not express himself so. Besides the several immense buildings there are 76 acres of land and the price—\$42,000—includes everything, bedding, furniture of all kinds, tables, dishes, stoves, etc. Immediate possession can be given and as the feeble minded institute at Frankfort is in a sadly crowded condition, it looks to us as if the proposition of buying the Springs property and at once converting it into a home for the feeble minded is a most feasible one. The brick building, which contains 78 rooms, and which is one of the very best in this part of the State, cost close to \$100,000, and this with the many other buildings, the furniture and 76 acres of land is offered for only \$42,000. We believe the committee will make a favorable report and ere many moons wax and wane the grand old summer resort, patronized in days gone by by the wealth, beauty and chivalry of the South, will soon be known no more as a watering place but will be the home of the State's unfortunates—the feeble minded sons and daughters. We did not interview the gentlemen composing the committee, but in answer to those who think there is not enough land in the tract, we will state that hundreds of acres adjoining the Springs property can be bought at a most reasonable figure. The Crab Orchard Commercial Club did itself proud in entertaining the committee and other visitors. Rigs were at the depot to take them wherever they wanted to go, there was lots to eat, drink and smoke and President Morris, Secretary Perkins, Vice-President Addams, Treasurer Tatem and many of the members were untiring in their efforts to make the stay of the visitors pleasant. We congratulate them on the splendid manner in which they took care of their guests and return our thanks for courtesies received at their hands. Representative Alverson had secured a pledge from Master of Trains W. W. Wright to hold No. 22 30 minutes in order to give the committee more time to see the Springs, but a wreck beyond Mt. Vernon delayed the train and it was 5:30 when the jolly crowd took its departure. While waiting for the train Hon. Fontaine Fox Bobbitt addressed the committee and others and made the hours roll by rapidly. Messrs. M. S. Baughman, J. F. Holdam, J. S. Owsley, Jr., E. D. Pennington and the I. J. man joined the committee here and accompanied the members to Crab Orchard.

SENATOR "TOOK" HUBBLE, of Lincoln, is growing impatient because of the brief daily sessions of the body of which he is a member, says the Louisville Times. "It's all right to adjourn on Friday to give us all a day for our personal affairs," said he, "but we should get down to work better when we are here. I am used to getting to work early in the morning and making a day of it. This meeting at 11 o'clock, and adjourning for dinner, is too much like idling away the time. We should have two sessions daily."

CONSUMPTION WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. GREEN.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

New trial bottles, 25c. Regular size, 75c. At all druggists.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.

By an error, which has been discovered was the fault of the railroad engineer who had charge of the plans for the new depot, a new foundation will have to be made for the \$20,000 building now in course of construction. In drawing the plans and specifications the engineer made a mistake in pointing out the distance from the main track to the foundation, consequently the lines were dug five feet too close to the track.—Advocate.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop, of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." Penny's Drug Store.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now richly described as "Prosperity Valley." The timber, becoming more valuable all the time, for the reason that lumber people from the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be exceeded anywhere else. The title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This is a tract divided into tracts ranging from 40 acres to the tract to 17,000 acres to the tract and prices from \$8 per acre to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts at a price below the market value, and we will sell them in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 10,000 acres of this land has been sold by the company since we received this option. For further particulars call at our office.
